You will be accessing the eLab resources (assignments, tests, videos, etc.) from within Blackboard ONLY. It is very important that you **DO NOT** go to the Labyrinth eLab site.

**Please read and follow the below instructions VERY CAREFULLY!**

2. Input your <u>correct</u> e-mail address and the Activation ID from your book (all capital letters and include the dashes). Any valid e-mail address can be used for this.	
3. Click <b>GET REDEMPTION CODE</b> .	
4. It will then show you the Redemption Code on the next page, as well as e-mail you a copy.	

## STEP 2: Register in Blackboard

- Sign in to your Blackboard course and go to the Content.
- Click on any eLab resource link (such as a video, assignment, or test).
- You will be brought to the Student Registration page and will be asked to provide a **Redemption Code**.

The screenshot shows the 'STUDENT REGISTRATION' form. It includes input fields for First Name (Katie), Last Name (Brooks), Email Address (katie@hawaii.com), and City (Miami). There are two radio buttons: 'Licence Key Subscription' (selected) and 'Use 14 Day Full Trial Access.' Below these is a text input field for 'Redemption code / License Key:'. A note below the field states: '(Note: To get your Redemption Code, first, go to: [labyrinthlearning.com/activate](http://labyrinthlearning.com/activate), type in your e-mail address and the Activation ID and click on GET REDEMPTION CODE.)'. At the bottom is a blue 'Register Me' button.

**NOTE:** You should already have your Redemption Code at this point. If you do not have one, see [STEP 1](#) above.

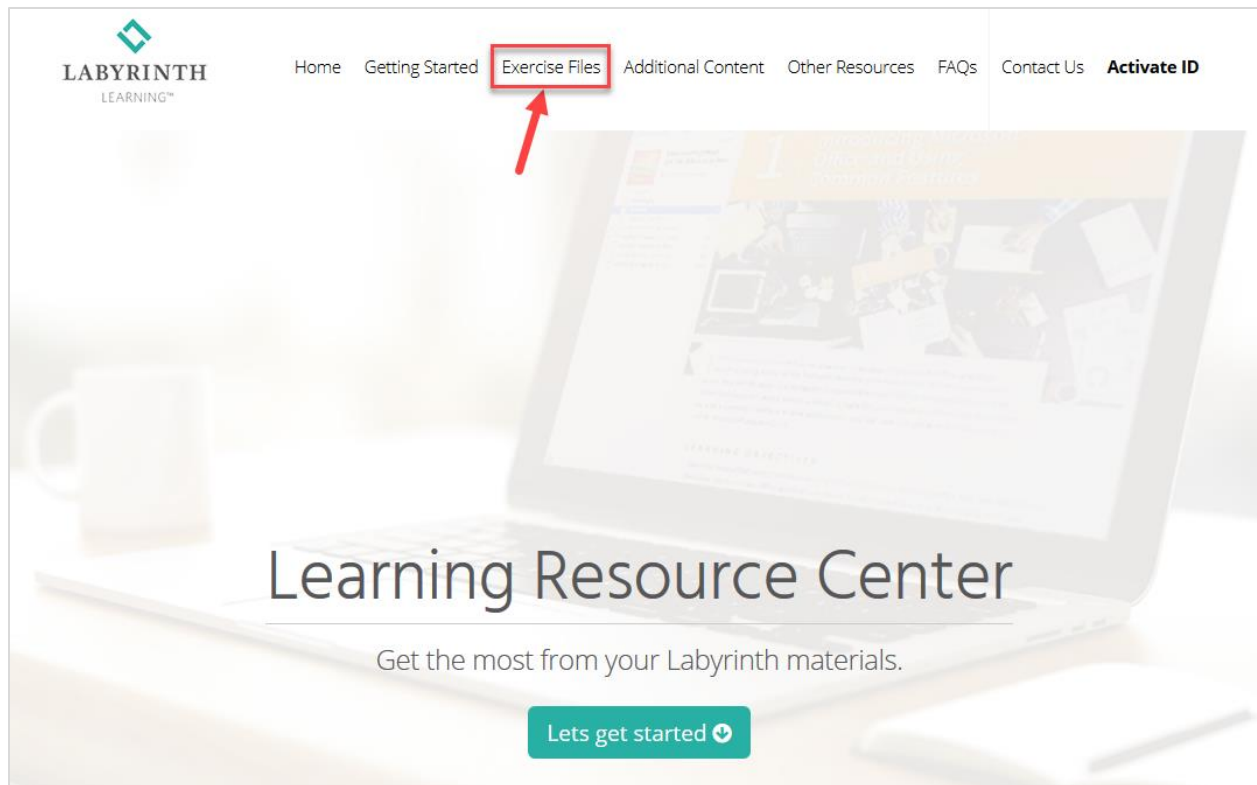

- Enter the Redemption Code and click **Register Me**.
- **NOTE:** If you do not have a Redemption Code, then you can select the **Use 14 Day Full Trial Access** option until you obtain a Redemption Code. Once the trial access expires, it will bring you back to this Registration page where you can then enter your code once you have it.

After completing the Student Registration, you can access any eLab resource by clicking on its' link from the Blackboard course content. The Student Registration is completed one time only.
