

Blackboard SMS Notifications

Blackboard has a notification tool that you can edit to receive course related messages and information through email, SMS and Phone (Text to Voice). This document directs you how to set up the SMS notification option.

1. Log into the portal page
2. Click the Blackboard button
3. In the top right-hand corner, click the down arrow next to your name.
4. Click **Settings**.
5. Click **Edit Notification Settings**

6. Under “Bulk Edit Notification Settings,” click **Courses I am taking**.

Bulk Edit Notification Settings

Select the set of courses or organizations to update and change the notification settings for them in one step. Higher priority notifications should be sent with a method that will deliver that notification in the timeliest fashion.
