

SMART Notebook 11 New Features:

Adaptive Toolbar

- The toolbar provides shortcuts to commonly- used actions, tools and properties. When you use the Select tool to select an object in the work area, its properties appear to the right of the tools group.
- You can still find additional properties in the Properties tab and in the object's drop--down menu.

Activity Builder

- Create interactive lesson activities easily by using the Activity Builder. To start, click the Add-ons tab, and then click the Activity Builder thumbnail.
- Add interactivity with the Lesson Activity Toolkit. The Gallery tab also contains templates to help you create your own activities. Engage your students with interaction.

Browser

- Browse the Internet without leaving your SMART Notebook file.

Text

- Enhanced features for formatting text including nested bullets, numbering with hanging indents, adjustable line spacing, and font previews
- Enhanced Tables

Pens

- New Crayon Pen
- Customize the Creative Pen - Use your own images or select an object on the page to create a new Creative Pen.
- Fading Ink - You can customize the pen to have the ink fade after a couple seconds

Grouping and UnGrouping using Shake gestures

- You can click on an item and “shake” it to group or ungroup

Shapes

- Color fill for single stroke enclosed shapes

Pages

- Use the Page Sorter tab to jump to a page by selecting its thumbnail, or reorganize your pages by dragging them into a different order.
